

Canada Chapter Meeting

April 6, 2011

Annual Meeting, Naples Florida

Summary from the April 6th meeting: There was great attendance at this year's annual conference. Many people attended the first day's Roundtable meetings. The Canadian Conference Roundtable was the largest group and many stayed late in the afternoon to participate.

Everyone at the table provided excellent input to what they wanted to see happen for Canada over the next year. Current members, Wendy of RCI (Sudbury) provided the group with a sample copy for our first ever Canadian Newsletter, which will be circulated to AHJs and Insurance industry people. Bala of Hood Cleaners of America (Toronto) had already contacted several other cleaning companies out west and started to raise awareness for our Association. Jason of Super Clean, Windsor, Nova Scotia has attended many of the meetings and is bringing awareness to AHJs on the East Coast. Bill Doherty, Pressure Kleen, Toronto was the facilitator and encouraged everyone in the group to keep reaching out to other professional kitchen exhaust cleaning companies.
